City of Spruce Grove
Capital Region Partners Presentation
2020

Trevor Crawford
Supervisor of Capital Projects
Engineering Department
City of Spruce Grove

• Spruce Grove is located 11km west of Edmonton, shares a boundary with the Town of Stony Plain to the west and is surrounded by Parkland County.
• Spruce Grove has emerged as a regional commercial centre and industrial base, and is now home to a number of Industrial Subdivisions which employ an estimated 2,100 people.
• With a population of over 37 000 people, the City of Spruce Grove is currently Alberta’s 9th largest City.
2020 Industrial Area Water/Sanitary and Road Rehabilitation

2020 INDUSTRIAL WATERMAIN AND SURFACE REHAB
DIAMOND AVENUE

REPLACEMENT OF AGING WATERMAINS THAT HAVE SHOWN SOME BREAK HISTORY,
WITH NEW PVC WATERMAINS AND NEW WATER SERVICES TO PRIVATE LOTS. REPAIRS
TO EXISTING SANITARY SEWER AS REQUIRED. RECONSTRUCTION OF ROADWAYS
IMMEDIATELY FOLLOWING WATERMAIN CONSTRUCTION.

**CURRENTLY IN DESIGN, SCOPE MAY BE SUBJECT TO CHANGE.**
2020 Arterials and Hwy 16A Resurfacing

2020 ARTERIAL AND HWY 16A RESURFACING
HWY 16A FROM JENNIFER HEIL WAY TO WEST CITY LIMIT

MILL EXISTING ASPHALT CRACKS AND FILL WITH ASPHALT. MILL AND
PAVE HWY 16A FROM JENNIFER HEIL WAY TO WEST CITY LIMIT. NEW
PAINT LINES TO FOLLOW PAVING.

**CURRENTLY IN DESIGN, SCOPE MAY BE SUBJECT TO CHANGE.**
2021 to 2023 Arterials and Hwy 16A Resurfacing
2020 Watermain and Sanitary Sewer Rehabilitation

The City of Spruce Grove has yearly, dedicated funding in place to attend to aging Water/Sanitary Sewer Infrastructure.

2020 Project – Grove Meadows neighborhood. Replacement of existing AC watermains and cc’s.
2020 Watermain and Sanitary Sewer Rehabilitation

2020 WATERMAIN/SANITARY REHAB - GROVE MEADOWS NEIGHBOURHOOD

GROVE MEADOWS DR  GREENWOOD DRIVE
GOEBEL DRIVE        GROAT DRIVE
GOEBEL PLACE        GROAT PLACE
GOEBEL CLOSE        GROAT CRESCENT
GOEBEL BAY          GREYSTONE DRIVE

REPLACEMENT OF 50 YEAR OLD WATERMAINS WITH NEW PVC WATERMAINS,
NEW WATER SERVICES TO HOUSES COMPLETE WITH NEW CC VALVES.
PAVING OF DISTURBED AREAS OF ROADWAYS IMMEDIATELY FOLLOWING WATERMAIN
CONSTRUCTION, CONCRETE REPAIRS AND PAYING OF ENTIRE ROADWAY TO
BE COMPLETED IN FOLLOWING YEAR.

**CURRENTLY IN DESIGN. SCOPE MAY BE SUBJECT TO CHANGE.**
The City of Spruce Grove has yearly, dedicated funding in place to attend to aging Surface Infrastructure.

2020 Project – 250mm depth pavement/gravel base/cement powder pulverization and asphalt paving, 50mm mill and overlay, and concrete sidewalks and curb and gutter removal and replacement in the Millgrove Neighbourhood.
2020 Surface Infrastructure Improvements
